Tim, been fun  
 in gym this  
 year playing against  
 you, I wish you could  
 be here on my side  
 once, take it easy  
 and don't let your  
 meat loaf! Jim

Good luck to a GREAT GUY.

Hi Tim  
How bout it!  
Would you for  
a nickel: Q

Jim,  
 your pretty  
 lucky I let  
 you live through  
 this year, but next  
 year watch it.

## **Dedication**

Charisma is an intangible quality that makes a person fascinating to be around. Miss Dorothy Wallace is one such person. She demonstrates her never-ending energy and enthusiasm by putting importance on the individual. In classroom discussions, the atmosphere is of reciprocal learning where students and the teacher learn together.

Miss Wallace graduated from Hamline University and before coming to Edison she taught in a small town. She has a wide variety of interests including reading, theater, travel, and art.

With deep pride we dedicate the 1969 Wizard to Miss Dorothy Wallace.

# FACULTY

"The greatest job of teachers is to cultivate talent  
until it ripens for the public to reap its bounty."

Jascha Heifetz

## Mr. Meixner

Congratulations to you the Senior Class of 1969 for having completed another step toward your goal—a full and complete life. Your future holds for you great opportunity and promise. Success is within the reach of each and every one of you.

I firmly believe your success will be dependent on whether each of you fully exploits your individual talents, your skills, and whether you exhibit a responsible attitude toward yourself and the society in which you live.

I trust that as you enter the world of advanced education or work with all its confusion and uncertainty, you will meet wisely the many challenges and decisions which will confront you. Very soon you will be among those who will direct the change which must and will take place. Change which must be well planned, well directed if all in our society are to have the same opportunity, the same chance for success, the same full and complete life.

Mr. Meixner

## Mr. Elias

Graduating from high school is the culmination of thirteen years of school experience. Leaving school is a drastic moving from one phase of your life into another.

Our objective at Edison has been to provide you with experiences that will enable you to solve the problems you encounter and to help you to adjust to the social environment of your time. It seems that each generation faces a world with more complex problems than the preceding generation. You will meet with challenging situations, the greatest being the survival of our society. If the world is to solve the gigantic confrontations between nations, your generation must pull together—not apart.

Congratulations on your graduation from Edison and may you plan your future wisely.

**DAWN ACKO**—My philosophy of life is "Face reality: be honest, fair, questioning and constructive." I am going to attend Carlton. I plan to be a chemistry major, a doctor and a researcher in nuclear medicine.

**GARY ANDERSON**—I plan to go to either Augsburg or the U. of M. I would like to be a math or science teacher. I will always remember playing on a winning football team. My basic philosophy is, "Don't do today, what you can put off until tomorrow."

**PENNY BEIHOFFER**—I will feel that I have accomplished something if I give a part of myself to a less privileged person and aid in making his life more enjoyable and meaningful. I plan to attend Concordia College and major in Business Ed. I hope every other student can gain as much as I have from Edison.

**BRUCE O. BENSON**—I hope to attend the U. of M. next year and major in Humanities and Philosophy. After I receive doctorates in these two related fields, my ambition is to become a successful driver of a big Zamboni at a large midwestern hockey rink.

**JANENE CACAS**—To enjoy life, to travel, and to live each day doing one new thing are my goals daily. I feel that the only way I can be happy is by bringing happiness to everyone I meet. A major in English humanities is my educational plan when I attend Augsburg College.

# onors

**BARB FLEISHER**—I plan to attend the Minnesota School of Business to become a secretary. My goal is to live a full life and while doing so, create a little happiness for the people around me.

**BARB HAMMERSTROM**—I plan to attend Gustavus Adolphus College and minor in music. My goal is to travel and see the world. I believe that a person should do the best he can in everything that he does.

**CAROL HARA**—I plan to attend the U. of M. and possibly major in history. My philosophy of life is to live each day to the fullest and to find joy in everything.

**CAROL JONES**—I believe a person should take each day as it comes and always make the most of it. My plans for the future include studying math at the U. of M. at Duluth and eventually going into teaching.

**LUCY KUCH**—I love the Tommies because even though we don't always win, we're always in high spirits. I am going to the U. of M. to major in music. I want to be able to teach in this field someday, and perhaps to entertain.

**KAY LUBANSKY**—Blame yourself for all, and you will never feel unjustly accused. Shielded by this philosophy, I plan on attending the U. of M. As of now, my interests center on psychology, Russian and dance. But the scope of subjects at high school is so limited, I plan on waiting before embarking on a major.

**PATTY KUDZIA**—I hope to attend either St. Cloud State College or the U. of M. where I'll probably major in Spanish or math. In the future I hope to travel and learn about people everywhere.

**MARY McCOLLOW**—Edison has given me many moments to remember. I will always be proud of graduating from Edison because of the respect others have for Edison. I hope my life will continue to be as full as it is at Edison each day. I plan to attend the U. of M. and major in Phy. Ed.

**JIM MILLER**— ... and furthermore, I plan to attend St. Olaf and major in speech. After attaining my master's, I shall become rich and famous as a radio announcer; after which I hope to qualify as a drivers training instructor for Zamboni in a large mid-western hockey rink.

**PHILIP PETERSON**—I hope to attend Augsburg and perhaps study for the ministry. I believe that a person should participate only in those activities that fulfill his own goals in life.

**JAN OWCZARAK**—My plans for the future are quite uncertain. I first want to learn about life by working and perhaps further my schooling later. I will always remember the pep, enthusiasm, and friendliness of the student body at Edison.

**ROSALIE RESCH**—I plan to go to either the U. of M. or the U. of Chicago and major in both Russian and Spanish. I hope, or should I say, plan to become the Queen of Spain or possibly a Russian teacher.

**CHERYL RADICK**—My goal is to strive for an ultimate good, as this is the only way one can reach true happiness. I plan to attend the U. of M. or Winona State College to major in Elementary Education. I want to teach children because they are truly innocent and good.

**CINDY SCHNABEL**—I have two goals. To travel extensively and to become a famous Marine Biologist. For me, happiness will be living in a foreign land close to nature. I plan to attend St. Olaf College and major in biology or languages.

**DEBI SCHNEIDER**—Hoping to go to St. Olaf College, I plan to major in music. I'm considering Vista or Peace Corps after college. I believe as this unknown philosopher once said, that, "With all its sham, drudgery and broken dreams, it is still a beautiful world ... Strive to be happy."

**CAROL SHARPE**—I plan to attend the U. of M. and become a great writer. My goal is to be a success in whatever I do and to win the Pulitzer Prize.

**CAROL SELINSKY**—Next fall I plan to enter St. Cloud State College. Majoring in Elementary Education, I plan to become certified as a remedial reading teacher. To me, the ability to read is one of the most important things in my life.

**SUE SMYRAK**—I plan to attend the U. of M. and would like to go into fashion and merchandising. I believe in "Edison forever" or I wouldn't have come back here after two lonely months in Chicago.

**MILLY THEIS**—I like Edison because it has such great kids. That's what makes a school. I plan to attend Augsburg College and possibly major in German. I'm active in Blue Tri and German Club.

**GEORGIA TRIDEN**—I start college in Spain at the universities of Pamplona and Madrid this summer and return to enter Augsburg College in the fall where I plan to major in Spanish. During my junior and senior years at Augsburg I will return to Spain for part of each year to study at Valencia. I will always remember the close teacher-student relationships here at Edison.

**MARY TURNBLOM**—I plan to attend the U. of M. and major in art and minor in psychology or math. My philosophy is to view everything with a completely open mind. In the future I plan to travel a lot, meet people and never lose contact with the younger generations.

**BETTY URISTA**—Next year I plan to attend Mankato State College. I would like to major in business and become an accountant. My favorite pastime is punching keys on adding machines. To become a professional key puncher is my goal.

## And Now! The 1969 Edison Band

Edison's faculty and student body proudly salutes Mr. Freese and the entire band for the outstanding work they have done this year.

When are we going to get the pants to our uniforms so we can take a full length picture, Mr. Freese?

What do you mean, someone's following me?

Let's see. The Doc said one a day!

They say this wand works wonders.

What do you mean the band got lost?

But my uniform is at the cleaners!

"Oh when the Toms, Come marching in."

This year's Record Staff is devoted to learning and understanding journalism while bringing the news of Edison to its students. In keeping with the mood of our senior class, they have presented the news in a unique and more exciting manner. We would like to congratulate the Record staff on a truly successful year.

PRESIDENT—Dave Larson

VICE PRESIDENT—Jim Miller

The Student Council's year was highlighted by the Multi-Racial Conference and the initiation of a full week of Sno Daze festivities. In addition to planning the main student activities, the council provides the students with a means of expression and practical experience in the democratic process.

## Student Council

SECRETARY—Cris Thoren

TREASURER—Rick Paulson

ADVISOR—Mr. Zellers

Our Sno Daze chairman reports to the council.

**Our Queen Candy**

Our Homecoming Queen is a petite brown eyed girl who thought she would faint if she were to be crowned.

Through her shy smile you can see the quiet, but lively air about her.

She has that special quality that will always be remembered by her class of '69. Candy—may your reign be a happy one.

## Queen Candidates

A cold rainy day was the setting for Homecoming 1968. Our excitement started with the Assembly and Coronation. The students filled the stands even though it was windy and rainy for the game. Our team beat South with a tremendous score of 19 to 0. The dance "Walk on the Wild Side" was a mystical conclusion to a wonderful Homecoming Day. # Francois Dubois

Our exchange student this year is the always happy, Francis Dubois.

Francis is from Nance, France located near the German border. His father, a transport company manager, his mother, and his two brothers were filled with excitement when they heard of his American adventure. Francis is staying with the Oberg family. Living with them he is able to discover what a real American family is like. Francis is finding that Americans can be very helpful and friendly. Someday he would like to come back for another visit.

Francis is very active in AFS, German Club, and Spanish Club. He is also an honorary attendant of Sno Daze.

To him we wish happiness and success in the future years.

This year, as every year, International Day gave us the chance for a meaningful exchange of ideas with students from foreign countries. The students were introduced and entertained us in the assembly. They spent the remainder of the day visiting various classrooms. A tea held in the library concluded their day.

## International Day

This year's Blu Tri Formal was held at Brookdale Community Center. The band, "The Soul Package" provided entertainment for the night. This affair was a girl ask boy which is quite enjoyable for the male species. All in all, the night was quite exciting for everyone.

# Fads And Fashions

What was that? A boy or a girl? Well, this year it was sometimes hard to tell. Some of the girls wore their hair short and some of the boys wore theirs long. The slacks that were worn were fitted then flared at the bottom. The boys wore suede—sweaters, pendletons, and jerseys. The dresses worn by the girls were frilly, bright, wild and short. There was a variety of clothes worn. The fashions this year were, in short, colorful, short, and shocking.

The outer wear this year was centered around suede and leather. Of course, the letter jacket was ever present. Ski jackets were also popular.

Jean Chase Editor; Mr. Pibal Advisor

As we bring to a close this school year of 1969 we, the Wizard Staff, present to you Edison's yearbook. With the excellent guidance of Mr. Pibal and the fine photography of Mr. Liebig we managed to create a book that we hope is to your satisfaction. This year we have tried to produce, in a slightly different way, an idea of the experiences that we, the student body, shared together by being a part of Edison High School in 1969.

Mr. Liebig—Our Photographer.

**Left to Right:** Penny Beihoffer, Carol Jones, Bev Baron.

It has been our responsibility this year to keep the books straight and to see that the yearbook received proper publicity. It has been a most enjoyable year.

## Organizations

Organization is the key word. Now, if we only knew what it meant. We managed to make a few risky changes this year and in our opinion, they helped to create a great book. "The Pace-Setters"—Donna Soderman, Nancy Josul, Jim Nastoff, Connie Vincent, Terri Wagner.

## Boy's Sports

Mark Schneider and Rand Larson put a lot of hard work into this swell section. They had a lot of spiffy times.

Linda Quist, Barb Godava, Joyce Slabiak

## Girl's Sports

Working for the girls' sports section was not only inspiring but dangerous. Thanks to all the gym teachers, our section was a success. Good luck to next year's staff and we hope that they have as much fun as we did!

## Seniors

Carleen Rhodes, Carla Nelson, Betty Urista, Lynn Gaydos, Ellen Falkum. Being a member of the Wizard Staff was a new and enjoyable experience to all five of us. We worked hard to make the senior section the best yet. Alphabetizing and keeping track of almost five hundred pictures was no easy task. We hope you are as satisfied as we are.

## School Life

**Left to Right:** Kathy Blexrud, Rosalie Crawford, Jackie Tillman, Janice Bonden.

We want to dedicate our section to the students at Edison and especially to the class of '69." We hope the work we have done will bring back all the happy memories you've had at Edison in the past.

Always remember this as the year we went out and won our school spirit, and we deserved every bit of it. Because, **"WE ARE GREAT, WE ARE FINE, WE ARE THE CLASS OF '69."**

## Faculty

**FACULTY:** Jane Nelson, Kay Lubansky (Not Shown: Sue Herrmann, Cindy Schnabel)

Faculty section should be retitled "problems" in future editions! But the teachers were handily controlled by our Faculty section.

They encountered numerous "fun" situations in their desire to present a "one-of-its kind" section.
